[dmitry@ds0.xyz](mailto:dmitry@ds0.xyz)

I am a **practiced backend programmer** and **Python hobbyist** looking for **remote-only** or **Montreal-based** dev work.

## PROFESSIONAL WORK EXPERIENCE

---

### EMM Consultant - Python, Bash, Java, Hadoop

May 2017 - Present

Munvo Solutions Inc., Montreal, QC

- Delivered time-sensitive Proof-of-Concept software for valuable clients.
- Automated deployment and testing processes for large backend systems and databases.
- Implemented custom monitoring tools for tracking effectiveness and uptime of digital marketing campaigns.
- Communicated effectively across multiple teams, organizations, languages, and time zones.
- Gained working knowledge of modern digital marketing techniques.

### Web Developer - C#, ASP.NET, CSS

May 2015 - Dec 2015, May 2016 - Sep 2016

Silent Partner Software, Montreal, QC

- Planned and designed user interface for a browser-based donation management service.
- Shipped responsive design features in an evolving product.
- Wrote back-end code in C# for security and retrieval of data from a MySQL database.
- Acquired invaluable experience with MVC design patterns.

## PERSONAL PROGRAMMING PROJECTS

---

### Scrapebys - Python

2018

- Collects data of auctions held by the Sotheby's art auction house.
- Can automatically download high-quality scans of artwork sold at any Sotheby's auction.
- Circumvents slow and obtuse Sotheby's site navigation by using its undocumented API.

### reactforever.com - Python

2018

- Experimental Reddit clone with Slack-style reactions.
- Backend is an SQLite DB with Flask-Security for authentication and SQLAlchemy for querying.

### ds0.xyz - Python

2018

- Personal website: contains general musings, niche ramblings, DJ mixes.
- Reused and customized codebase for a friend's blog.

## MORE ABOUT ME

---

**Interests:** Design, art, puzzles, DJing.

**Languages:** Written English and French. Spoken English, French, and Russian.

## EDUCATION

---

Software Engineering - Concordia University, Montreal, QC

2013 - 2017

Software Engineering - Carleton University, Ottawa, ON

2012 - 2013
